

# Magnesium Mineralized Water

Magnesium Mineralized Water is the solution for an active lifestyle. With 2.5 liters\* you support your body in a simple and effective way and cover up to 20% of the daily magnesium requirement. Quite simply without any effort - just by drinking water.

## ADVANTAGES OF MAGNESIUM IN DRINKING WATER

- + Magnesium is a flavour carrier. Perfect for tea, coffee and the daily drinking pleasure
- + The clever way to support your daily magnesium requirement
- + More power and taste for an active and vital lifestyle

## ADVANTAGES OF THE FILTER TECHNOLOGY

- + Reliable limescale protection for household appliances like coffee machines and water heater: reduces the lime content in the water
- + Reduces odor and taste impairing substances such as chlorine and organic impurities
- + Reduces particles > 200 µm (sand, particles from the pipe) and heavy metals (lead and copper)

## Magnesium Mineralized Water

\* at an average water hardness of 15-18 °dH

the environmentally friendly alternative to plastic bottles
